

The Use & Impact of Securitization on A/R During the Pandemic

By: Kristin Alford, Education & Marketing Specialist, NCS

As originally published in the Credit Research Foundation's publication, Perspective by CRF (Q2 2021)

The following editorial is the result of both survey results and anecdotal supporting commentary offered by the credit community. Details here within are based on CRF survey material and research material through the author (NCS).

The Credit Research Foundation completed a survey in the first quarter of 2021 with their membership on the use and impact of securitization (UCCs, mechanic's lien, etc.) on accounts receivable during the pandemic. The survey explored the use of securitization as a risk mitigation tool.

The following data quips highlight the results of the survey and corresponding experience through NCS...
